TELEIOS 2K19

The ETSA Cell of Department of Electronics and Telecommunication organized the annual departmental fest, Teleios 2k19 on **19th and 20th September, 2019**.

Day 1: 19th September 2019

The fest was formally inaugurated on 19th September in the presence of **Dr. Vivek Sunnapwar,** Principal, LTCE and Dr. Ravindra N Duche, Head of Department, Electronics and Telecommunication Engineering, in the auditorium of LTCE.

The inauguration was followed by a seminar on **"Digital Marketing"** by *Mr. Ajinkya Kulkarni,* an **LTCE-EXTC Alumni**, who did PGCP from Mudra Institute of Communication (MDP) from IIM Ahmedabad. He is working for last 3 years in Digital Marketing. His experience was found to be handy in explaining to the young audience about this new arena. The information shared was valuable for students and would help them face real world scenarios. The seminar was concluded with an interactive session where the students, the teachers and the speaker shared their opinion and viewpoint about the existing market demand and challenges.

Followed by the seminar, felicitation ceremony of the faculty coordinators and student members of IETE and ETSA took place. In the second half of the day variety of technical events and games were organised for the students and faculty participants.

Day 2: 20th September 2019

The second day of the fest was the cultural event. The event commenced with the formal launch of **Nebula 2k19**, the **Annual Magazine** of the department of EXTC. It comprised of a presentation of the magazine by the Magazine Team, along with all of its contents. The magazine highlighted articles, poems and sketches by various enthusiastic students, achievements of students and faculty members in the previous academic year, and career guidance tips for interested students. The intricated design of the magazine was thoroughly appreciated by the audience.

After the launch there was a seminar on **"How to start a Start-Up"** by **Arun Barman**, *Founder and CEO of BORMONZ*. Mr. Barman has prior experience as Embedded System Developer and Embedded Design Engineer. A few of his many achievements include **Guinness Book of World Records** for WORLD'S LARGEST VENDING MACHINE achieved by **Hot Wheels**. He has been invited as Judge for several renowned competitions such as HackAthon Project Competition at IIT-Bombay, 2016, and EMPRESARIO Global Business Model Competition at IIT-KGP, 2019, among others. His seminar was quite insightful to all the budding student entrepreneurs, encouraging them to dream big.

This was followed by the main cultural programme. It comprised of several song, dance, drama and musical instrument pieces performed by several enthusiastic students of the college. The performances were a delight to watch and received a thunderous response from the audience members. All in all, the annual fest concluded on a very positive note.
